# Onboarding Preview

See How Simple Onboarding Can Be

Getting access to the right project data and building a solid workflow doesn't have to take weeks—or even days. An easy-to-use tool like ConstructConnect® Project Intelligence can take you from feeling stuck to achieving results in just a few simple steps.

What Onboarding Looks Like with ConstructConnect® Project Intelligence

1 SIGN IN

Enter a few company details, and your account is ready in under five minutes —including your trade and location.

2 GUIDED WALKTHROUGH

A quick tutorial shows you how to search, filter, and view project details—everything you need to hit the ground running.

3 SEARCH SMARTER & FILTER FASTER

With Smart Search and advanced filters, you can find the right projects quickly. Save your most-used searches for one-click access.

4 MAKE NEW CONNECTIONS

Access key contacts and start building relationships with decision-makers from Day One.

5 STAY SUPPORTED

Chat with your onboarding specialist, watch quick tutorials, schedule training, or search the Help Center.

Five Simple Steps Stand Between You and More Opportunities.

Your software solution shouldn't make you jump through hoops to start seeing results. It should get you up and running, so you can start finding and winning work right away.
