

ConstructConnect® Forecast

Part of the ConstructConnect® Insight Suite

Make informed decisions on business growth strategies and market potential

Seize Opportunities
to Drive Growth

1-877-422-8665

At ConstructConnect, our goal is to provide commercial construction professionals like yourself with the data, insights, and preconstruction solutions to help you drive your business forward.

ConstructConnect Forecast provides a detailed view of construction activity, including historical data, current-year projections, and a five-year forecast. Forecast tracks 34 specific categories of construction at national and subnational levels. Save market views that are most important to your business and export data for deeper analysis.

Facts

- Developed in collaboration with Oxford Economics
- Historical construction starts data from 2005
- Five-year construction starts forecast
- U.S. and Canada national and regional data segmented by state, MSA, and county levels
- 34 specific categories of construction
- Dollar value, square footage, and project count series views

Functionality

- Create custom geographic territories to measure sales performance against construction market growth.
- Visualize historical and emerging trends by dollar value, square footage, or project count.
- Export any series table in multiple spreadsheet formats.
- Download monthly starts and quarterly forecast reports from ConstructConnect's Economics team.
- Save your searches for easy month-to-month or quarterly reviews.
