Project and Company Watchlists

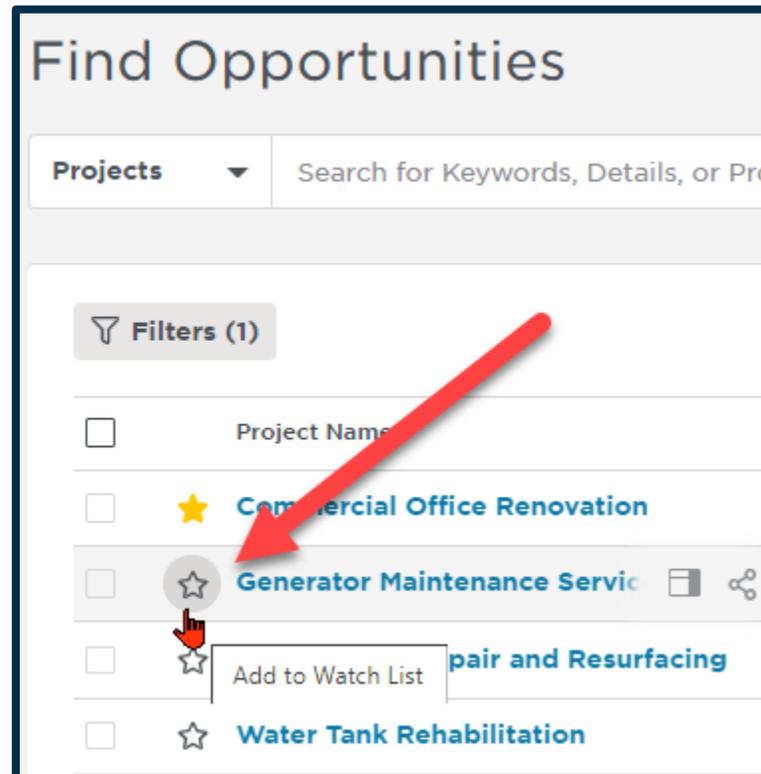

Project and Company Watchlists

Your Watchlist is the best way to manage not only the projects that you are watching but also your network of companies. It gives you instant access to project lists, work portfolios and contact information for key players to network with.

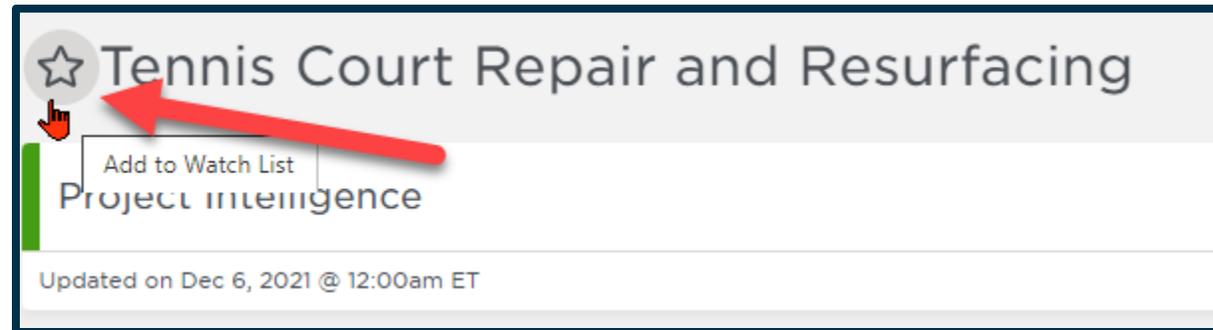

Project and Company Watchlists

Setting up your Project Watchlist is easy!
Just select the star to the left of the project name.

Project and Company Watchlists

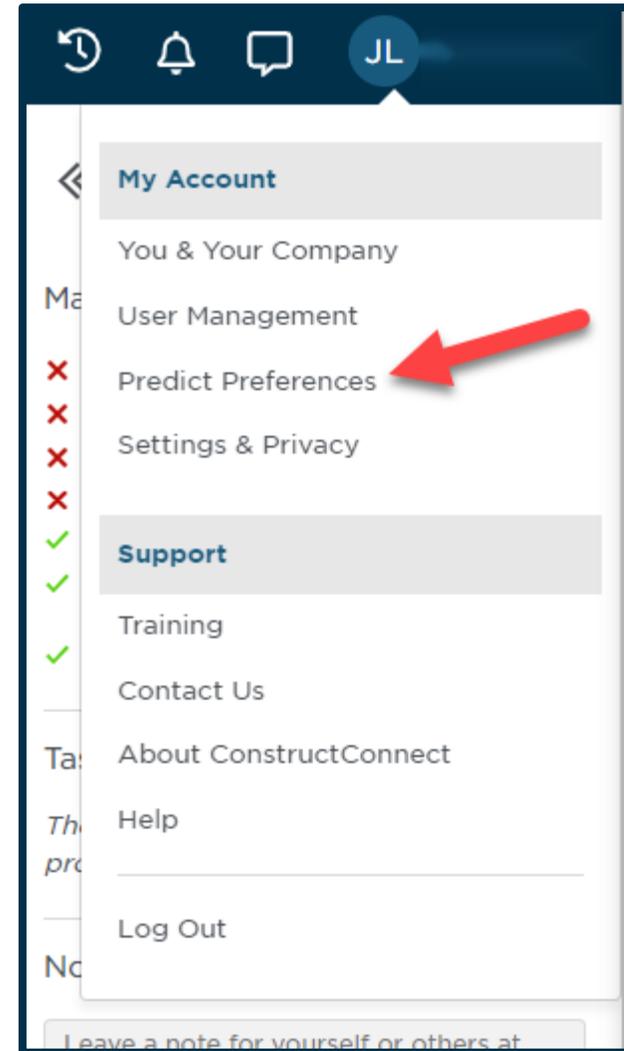

Or when you open the project, you can add any project to your favorites by selecting the watch icon.

Pro Tip: Add projects to your watchlist to receive notifications when they are updated!

Project and Company Watchlists

To set up your Company Watchlist (Favorite Companies) first click on your name, under My Account, then select Predict Preferences.

Project and Company Watchlists

Next, click anywhere in the Favorite Companies box to launch it.

The screenshot shows a 'Favorite Companies' watchlist interface. At the top left is the title 'Favorite Companies' and at the top right is a pencil icon for editing. Below the title is the subtitle 'Who you like working with'. A mouse cursor is hovering over the subtitle. The list of companies is organized into two columns. The left column lists: 2K General Company, Inc, Allied Construction Industries, B.L. Anderson Company, Inc., Complete General Construction, Eagle Bridge Company, Ford Development Corp, and Graybach LLC. The right column lists: Messer Construction, Messer Construction - Dayton, Monarch Construction Company, Performance Site Development, Pridemark Construction, Schrudde & Zimmerman, Inc, and 'and 6 more...'. The entire interface is set against a light blue background with a dark blue border.

Project and Company Watchlists

Or you can add any company to your favorites by selecting the watch icon when you open their profile.

To access your Watchlists, hover over the heart icon in your navigation bar on the left of your screen in Project Intelligence, then choose Watch List.

Project and Company Watchlists

Your Watch List is the best way to manage not only the projects you are watching, but also your network of General Contractors that you enjoy working with, have worked with or you want to work with. The Watch List will give you instant access to their list of projects, a breakdown of their work portfolios year over year and key players to network with.

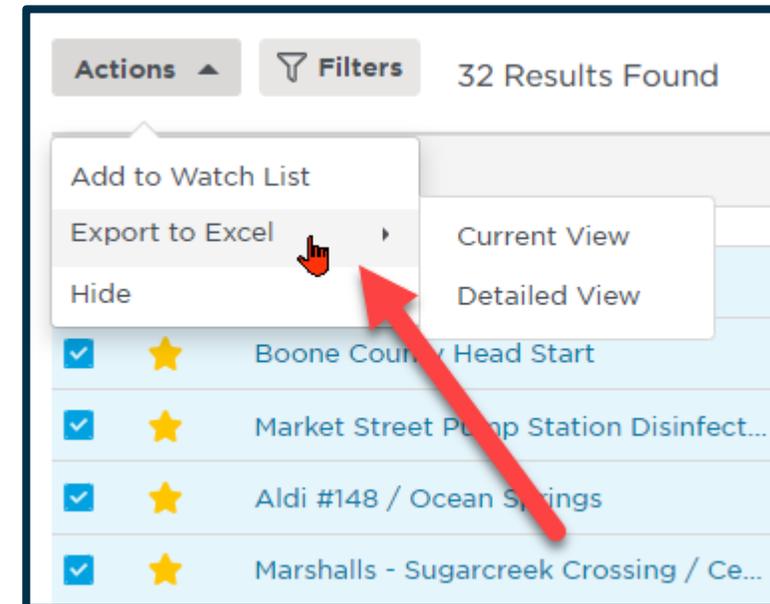

Project and Company Watchlists

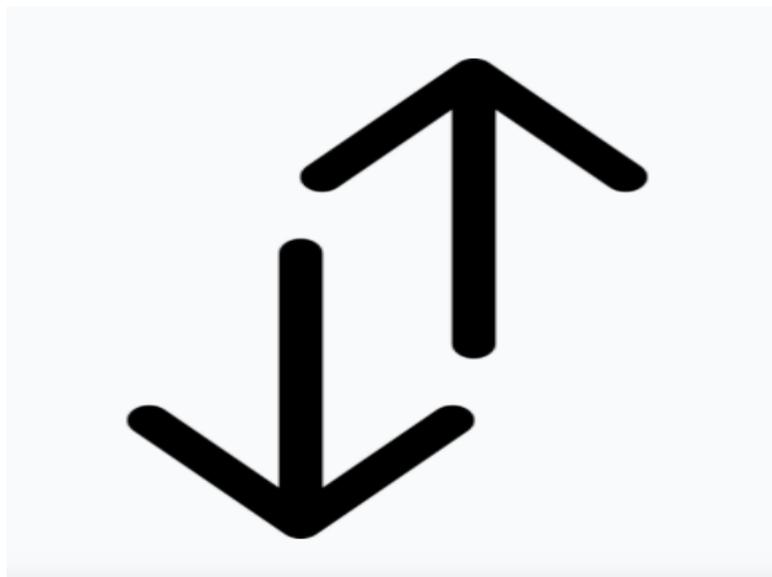

Once in your watchlists, use the selection boxes with the Actions dropdown to Add/Remove from your Watchlist, Download to a CSV file and Hide projects or companies you no longer need.

The Watch List screen will allow you to access both your Project and Company Watchlists.

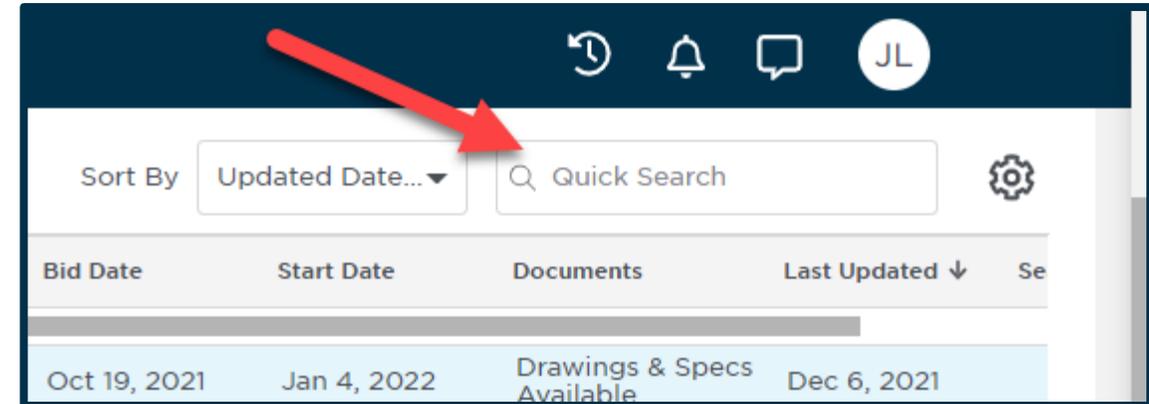

Project and Company Watchlists

There are many options you can use to sort your Watchlists.

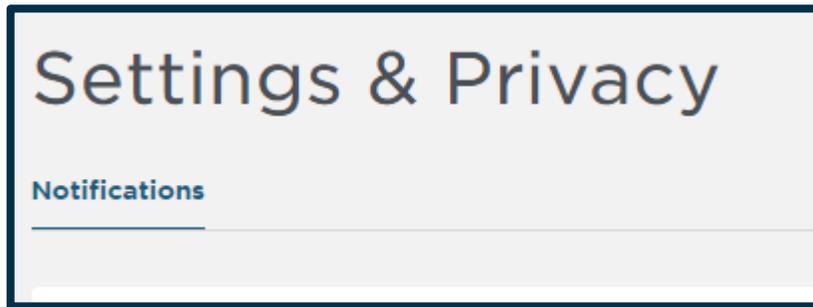

Project and Company Watchlists

You can do a quick search to find what you are looking for. (I.e. Walmart or Taco Bell or I-275 Etc.)

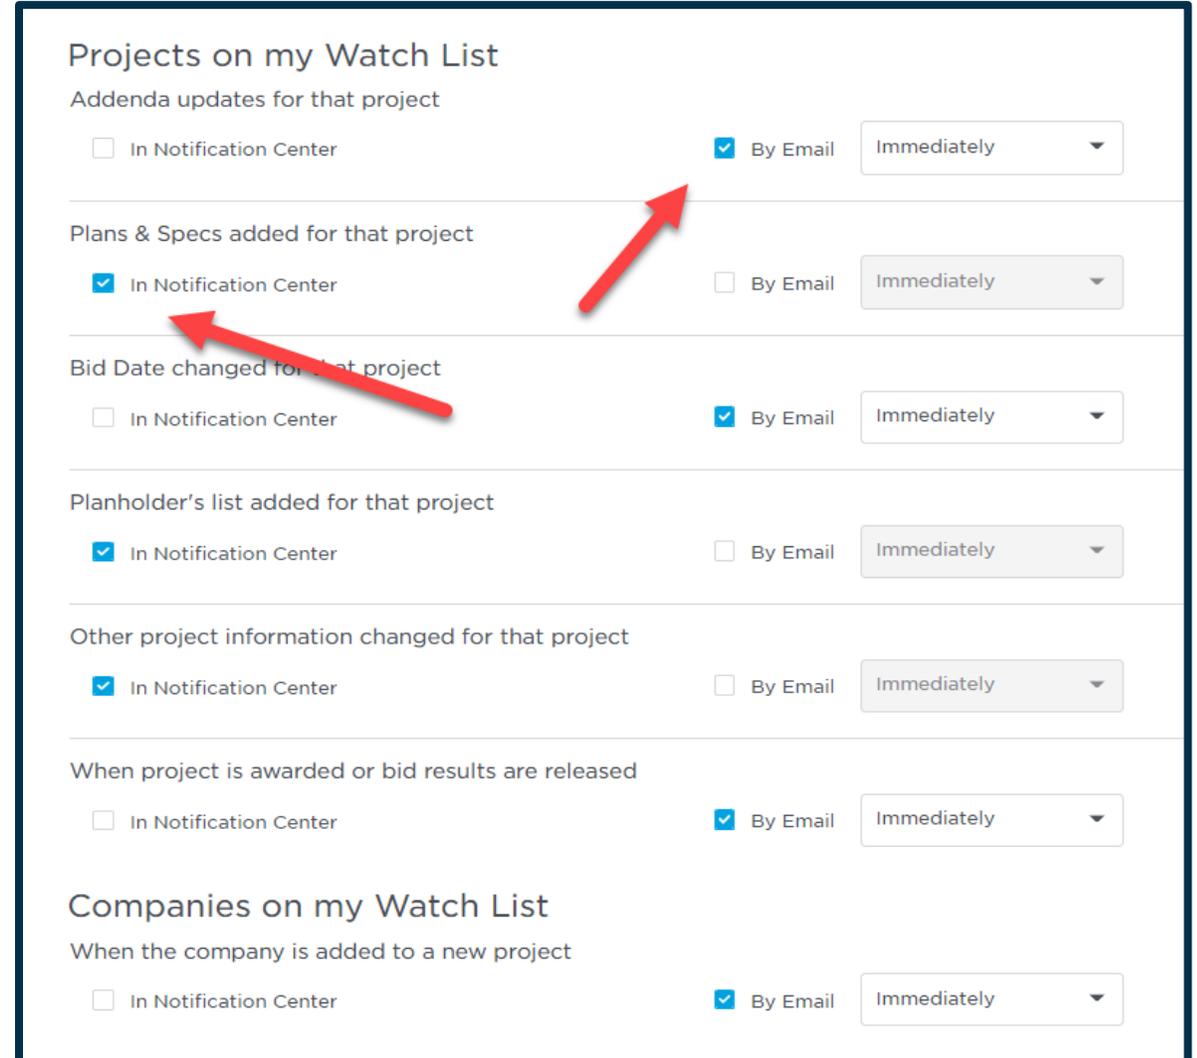

Project and Company Watchlists

Under Settings and Privacy, you can set up the notifications you would like to receive about your Watchlists.

The notifications can be received in the Notification Center (bell; top right of your screen) or by email.
